

Congratulations on your graduation and welcome to life as a Delta Zeta alumna, where sisterhood continues!

And here in the Great Lakes Area there are many opportunities for you to stay involved with Delta Zeta.

The Great Lakes Area, one of ten Delta Zeta Alumnae Areas, represents alumnae in Michigan, Ohio, Canada and the United Kingdom. There are 20 Alumnae Chapters, 20 Collegiate Chapters and 3 Chapter Associations in this alumnae area.

Our collegiate chapters always appreciate assistance, whether helping with occasional needs during recruitment/initiation, serving as a recruitment, new member, financial, career, or House Corporation advisor, or volunteering to serve as a College Chapter Director.

Alumnae chapter membership, much less formal than collegiate involvement, offers social, philanthropic and networking opportunities.

Top 10 Reasons to Consider Joining an Alumnae Group...

- No fines
- You don't have to remember the password
- You don't have to be a graduate; just an alumna
- You get a lot for your money – **yearly** dues are under \$40
- It's a night out – you may not have to cook
- Meetings aren't required – you'll *want* to come
- See new parts of the city
- Make new friends – see old friends
- Alumnae are *not* frightful old women
- You'll have fun!

Staying in contact with your chapter sisters is easy when Chapter Associations are managed with an online web page and newsletter. When distance prevents alumnae group participation, organize your Chapter Association **and/or** become a member of the online Surfing Sisters Group of Delta Zeta sisters composed of alumnae from all chapters.

For area wide Delta Zeta contacts and participation, ask about opportunities on the Great Lakes Area Team.

Life may seem too busy or stressful right now to be actively involved, but making connections to sisters in your area is a great way to network and help get acquainted with life after college.

Let the Great Lakes Area help you find your niche as an alumna!
